

Hire with confidence

See how BSCAA Victoria members can benefit from CVCheck's screening and verification service

- Employers are trying to do more with less in a climate of rising employee fraud, restricted options for hiring and dismissal, and ever increasing legal liability.

The cost and risks associated with a bad hire can be devastating.

What is the answer?

The best solution is to solve the problem before it occurs!

Comprehensive and accurate employment screening is your best defence against a bad hire and the administrative nightmare that results. Discovering and rejecting any dishonest candidates during the screening process is the best way to avoid future legal actions, potential insurance claims and administrative headaches that result.

Your screening solution should make life easier - not harder! That's why we always recommend CVCheck's online screening and verification service. Our service is fast. You can order checks and receive the results without leaving your desk - and we have great Australian-based support too!

How it works

Verify your applicant's information without leaving your desk

- Login to your CVCheck account and select the checks you'd like to order.
- Choose the ordering method that works best for you.
You can decide whether you or the applicant will pay for the checks, and choose how to provide the information to be verified.
- Place your order

CVCheck will process your checks, deliver the result and keep you informed every step of the way.

Convenient, fast and easy-to-use

Fast turnaround times, no lock in contracts or ongoing fees or charges - simply pay for the checks you need as you need them.

Trusted by leading organisations

CVCheck verifications are recognised and trusted across a wide range of industries in government agencies, corporates, professional bodies and many more.

With over 1000 verification checks across 190 countries, we've got you covered wherever you are or wherever you've come from
