

If it matters
to your business,
it matters to us

Our size is your advantage

We have the resources to be flexible, so we can support your business no matter who you are or where you're located.

We support you with simple, straightforward admin solutions that recognise super is just a small part of what you do.

And your people – our members – also benefit

Our size translates into greater buying power, a wider field of investment opportunities and helps us keep costs low.

‘We’re serious about using our size to improve the retirement outcomes of our members and to lighten the workload of employers.’

Ian Silk
Chief Executive

We like to keep things simple

We're all about keeping super admin as simple and straightforward as possible.

Our free clearing house, QuickSuper*, makes it easy to pay and manage your employees' super online.

How easy?

Let's start with making one payment for all your employees, no matter what super fund they belong to. It goes without saying, it's also secure, and help is on hand if you need it.

You value your people

And so do we.

AustralianSuper members are part of an award winning fund offering strong long-term performance and low fees. The return on our Balanced Option, where most member's funds are invested, places us well ahead of the median balanced option for 2015/16 and makes us one of the top ten performing funds[†].

Our members enjoy:

- › competitive insurance
- › a wide range of investment choices
- › a mobile app to manage their super online
- › financial advice available online, over the phone or in person[‡]
- › access to free education tools including online tutorials and seminars
- › Australia-wide retirement and financial planning seminars
- › A wide range of brochures, factsheets and publications designed to enhance super knowledge.

[†] Based on returns of the AustralianSuper Balanced Investment Option compared to the median investment return in the SuperRatings SR50 Median Balanced Survey over 5 years to 30 September 2016. Refer to the AustralianSuper website to view returns for all AustralianSuper investment options.

[‡] The financial advice you receive will be provided under the Australian Financial Services Licence held by a third party and will be their responsibility. Personal product advice provided may attract a fee, which will be outlined before any work is completed and is subject to your agreement. With your approval, the fee for advice relating to your AustralianSuper account(s) can be deducted from your AustralianSuper account.

What you need to do

- › Most employers are required to pay a minimum of 9.5% of employees' ordinary time earnings in super (if you pay on time, you can claim the payments as a tax deduction)
- › Generally, your employees can choose their own fund. You'll need to have a default super fund in place so that if they don't choose one, you can pay their super into it
- › Pay your super on time (monthly works for most employers).
